Listen up! Follow your gut on this stuff because anytime someone has to talk page after page, ad nauseum, ad infinitum~ something is up. And it hit me as real off kilter when I couldn't find a price for Zenith anywhere. So with my BS radar at high pitch then when I found out that they charge \$4999 to join I laughed my *** off. I wouldn't give that man more than \$149 and now I won't even give him that. Buyer beware!
