If this Works, Facebook Stock Could be the "Buy of the Decade"

By **GUEST EDITORIAL**, *Money Morning* - May 10, 2013

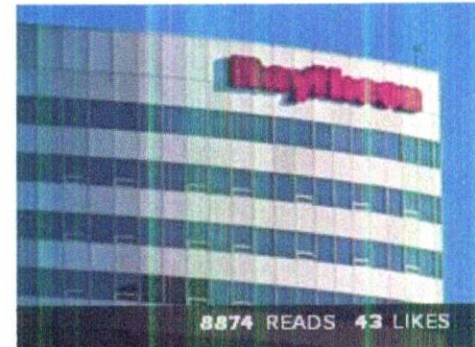

Facebook stock is one of the most controversial stocks in existence today.

With one billion users, investors have been waiting to see if Facebook's business model can pay off, especially after its IPO tanked.

Today, *Money Morning's* own e-commerce director, Bret Holmes, is going to give you the inside scoop on Facebook stock. Not some theoretical financial analysis, but what the future looks like for Facebook, from a guy who understands e-commerce and can explain how Facebook stock could be the "buy of the decade" for investors.
