3:17 PM **dennisjames50**: ugh!!
me: man just lack of communication and disrespect issues... just cause people work for you and you pay them don't give you the right to say whatever you want out your mouth or be an asshole. I had enough and this came from it..
dennisjames50: disrespect for sure bro, like there is a way to talk to people without being ignorant

3:18 PM you can't do that shit anywhere else
stay strong!!
lol

3:20 PM what was the meeting about
you guys were down there forever

3:21 PM **me**: listen it's all good. I already told him not the one and he can take that shit elsewhere. Just cause you warn me your a dick and about to act like one still doesn't mean I'm a pussy, lmao. Meetings about ideas (half of which kat steals, and bret can't remember) aren't my cup of tea. So I just survive dude

3:23 PM **dennisjames50**: survive indeed, im trying to get this social plan back to him asap, i feel the weight coming
me: well before he tries to make you feel incompetent or stupid because he can ask for an example of what he'd like you to submit. Apparently were dumb niggas who can't convey shit unless kat helps us communicate. ball sack

3:25 PM **dennisjames50**: it was funny because the first one i summit he told her that she hung me to dry on it
*uts
*its

3:26 PM i kinda felt that way too because he shredding it and looking back he was right, but she hasn't really helped or had any input, she's kinda out to look productive at chris and i expense

3:27 PM **me**: yea today this bitch had the nerve to say how bout chad you try the microdata page. oh do your idea make it work or fail and then you take credit with the conclusions. Ball sack. No way no how buddy!

9 minutes

3:37 PM **dennisjames50**: micro data page
me: yea some new idea bullshit. lick ass KO. and im not bret pet. Don't redefine my job title every chance you get.
