For the biggest change in America in more than 50 years?

This event, now projected for early 2012, could change EVERYTHING about our entire nation, overnight.

Yet most Americans will be caught completely unaware.

Get ready by following these simple steps here.

RgtAdMMTRELNCH895**The 100 People Who Control Everything**

One hundred über-wealthy individuals control 60% of the market. He didn't name names, but these 100 wield huge power over the markets. Including the power to exclude you from the most profitable opportunities. Martin Hutchinson pulls back the curtain on this secretive "rich man's market" and shows you how to make serious money in it. **Find it here.**

MidAdMMROiI495079**The Little Guy Set to Crush "Big Oil"**

Imagine a small company that can snub its nose at OPEC, Congress and the failing U.S. dollar. Thanks to a "glitch" in the price of oil, it's crushing its "Big Oil" competitors, and it's poised to rake in up to \$6.7 billion over the next 24 to 36 months ALONE. Serious investors should know that's over 4 times its market cap. **Full report here.**

The Uber Wealthy Are Shutting You OUT

You know private equity funds exclude ordinary investors. But they can actually be harmful to your retirement. How? By buying up all the stock of the fastest-growing companies – in effect, taking them private. They force down prices until you have to sell at their price. But here's a way you can fight back... and potentially make incredible gains in the process. **Get the details here...**
