KO,

I just got everything underway with Posirank for this next audit. I'm literally going back and forth after our meetings and updating and continuing to work on OEI. Let me know if it's anything specific you want or additional and I'll always make sure to ask. I don't want you and me to have to write to them about the same tasks. So I'll def take our touchpoints and communicate whatever you need if you like. Next up we have the audit of 1000 pages. And they will do \$10 per page for each title tag and meta description, so if we have 860 plus that's the range of targets will be working with.

They will work on the audit first and second will work on the pages and titles.
