RE: Suspension of Account and Immediate Removal of Advertising Copy

Dear Mr. Arrington:

Clear Channel Outdoor, Inc. ("CCO") has recently been made aware of allegations by Monument & Cathedral Holdings, Inc. ("Monument") regarding unauthorized use by you of a company-issued American Express corporate card to pay for non business-related charges, including payments for advertising services provided to you by CCO. Monument is taking the position that these unauthorized charges cover most, if not all, of your payments to CCO. According to counsel for Monument, this matter has been referred to law enforcement for investigation.

In light of these allegations, CCO is exercising our right to immediately remove any active advertising copy that CCO is posting on your behalf. We are also freezing your account and will not run any future campaigns until the conclusion of any pending investigation or until CCO is satisfied that this matter has been resolved by agreement of all parties involved.

Please feel free to contact me should you wish to discuss this matter. Should you wish to discuss this matter with counsel representing Monument, his information is:

William M. Krulak, Jr.
Miles & Stockbridge
